Solution Page

Example of interactions: <http://gb084t.axshare.com/broadbean.html>

The screenshot displays the CareerBuilder website interface. At the top, there is a dark blue navigation bar with the CareerBuilder logo on the left and links for 'My Account', '\$2,090.00 Cart', and 'Contact Us' on the right. Below this is a secondary navigation bar with links for 'Products & Solutions', 'Industries', 'Resources', and 'About Us'. The main content area features a hero section with the text 'Is your recruitment too complex and time-intensive?' and an image of a pocket watch. Below the hero section is a section titled 'Simplify & Expedite Recruitment' with placeholder text. A subnavigation bar contains 'Overview', 'White Papers', and 'Products', with 'Overview' selected. A 'Request a Demo' button is located in the top right of this section. The 'Overview' section contains two paragraphs of placeholder text. The 'Request a Demo' section includes a form with fields for 'First Name' (with example 'Ashley'), 'Last Name' (with example 'Jones'), 'Company Name', 'Email Address', and 'Phone Number'. There is also a 'Message (Optional)' text area and a 'Submit' button. At the bottom, there is a footer with links for 'Help', 'Terms & Conditions', 'Security & Privacy', 'Advertise With Us', and 'Partners & Affiliates', along with the CareerBuilder logo and social media icons for Facebook, Twitter, LinkedIn, and YouTube.

1. Subnavigation bar – Sliding down to anchored session
2. Request demo – will be a button that will slide down to the form
3. Form will be an embedded iframe – the thank you page for the form will appear on submission. Error messages will be at the top – correct all fields in red

Homepage

1. Dropdown menu when clicked appears CSS easing. Hover over state: CSS easing
2. Dropdown menu when clicked appears CSS easing. Hover over state: CSS easing
3. Carousel copy – automatically sliding, 5 seconds on each slide; button is the only area that is clickable and will redirect to a new page; at last slide will use beginning slide and with same sliding effect – no changes in effect.
4. Carousel arrow – same sliding effect for forced changed.
5. Laptop Carousel Image - automatically sliding, 5 seconds on each slide, sliding in tandem with the Carousel Copy (3).

6. Clickable dots – that move with the content on 3 and 5 with the same effects.
7. Same = (#3) - automatically sliding, 5 seconds on each slide; button is the only area that is clickable and will redirect to a new page; at last slide will use beginning slide and with same sliding effect – no changes in effect.
8. Carousel arrow – same sliding effect for forced changed.
9. Clickable dots – that move with the content on 3 and 5 with the same effects.
